Different people like different things, and, believing that people also like things to be different, we have endeavored to publish a distinctive yearbook, with original ideas and refreshing layouts, all the while retaining an accurate and amusing pictorial record of the '54-'55 school year.

From the hitherto untried end-sheets and slanted pictures to the silly (but laugh-provoking, you must admit) hillbilly division pages we've tried to show you HSHS as seen through the eyes of the "Four-Year Man"--the senior. What is not depicted on the formal pages is supplemented, in part, on the snapshot pages. All in all, we think you'll like it.

The work of this annual is the product of many, most of them represented above. As usual, however, the man behind the scenes prefers to remain just there. To Mr. Harold Wilson, our co-sponsor, advisor, and indispensable aide, we extend an especial note of thanks. We would also like to express our appreciation to the hard-working staff, contributors, and generous sponsors, without whom all this would not have been.
